Profile

I am a motivated and responsible B.Tech ↗ CSE student with a strong interest in technology, innovation, and problem-solving. I believe in consistent learning and maintaining a disciplined approach toward both academics and personal growth. I enjoy taking initiative, exploring new ideas, and contributing meaningfully to any project or team I become part of. I am always eager to take on new challenges, collaborate with others, and improve myself through real-world experiences. I am also enthusiastic about participating in hackathons and am always ready for any competitive or creative problem-solving opportunity

Experience

08/2025 – 09/2025
Remote

Intern
CodS

- Worked on real-world C++ concepts including OOP, memory management, STL, and problem-solving.
- Collaborated on coding tasks, optimized existing functions, and wrote clean modular code.
- Gained experience in debugging, version control (Git), and writing efficient algorithms.
- Contributed to small features and enhanced code quality under mentor guidance.

Education

12/2025 – Present
Deon, Bathinda, India

Bachelor of Technology
BFCET ↗

Skills

Frontend (HTML, CSS, JS(IN PROGRESS))
Expert

Backend (PYTHON, C++)
Expert

Database (MYSQL)
Expert

Others (Leadership Qualities, Teamwork)
Expert

Projects

11/2025 – Present

Portfolio ↗
A clean and modern portfolio developed to present my profile and projects. (Currently working here)

06/2025 – 06/2025

One-Click Camera Application in Python using OpenCV ↗
Developed an automated camera tool that captures images instantly with a single click, saves output efficiently, and provides a clean interface for quick photo capturing and viewing.

05/2025 – 05/2025

Smart Voice Assistant using Python ↗
Built a Python-based voice assistant capable of recognizing voice commands, responding with speech output, performing tasks like search, opening applications, and providing quick information using integrated APIs.
